

I want to go to the potty !

When my tummy feels like I need
to pee or poop, I need to say ...

May I go to the
potty, please?

When my bracelet shakes and
lights up, I need to say...

May I go to the
potty, please?

Pee and poop do not go in your
underwear. That is gross.

Pee and poop go into the potty !

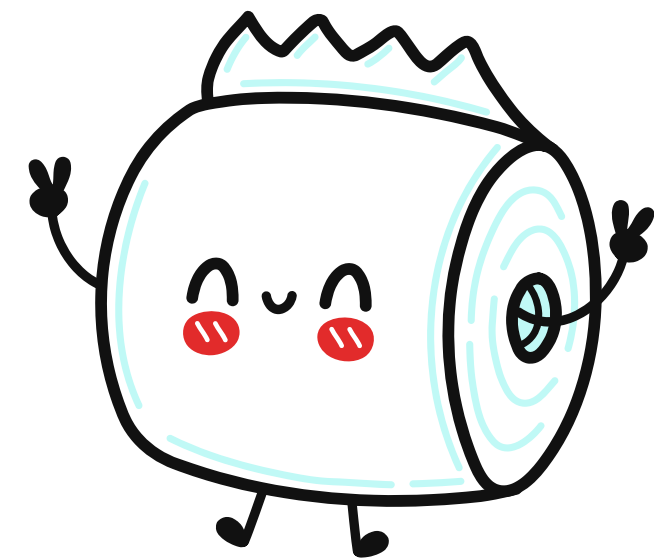

First, when I get to the potty:

• Next, I sit on the potty and go pee and poop.

When I am done, I use
toilet paper to wipe my
bottom all clean.

Then, I need to
flush the toilet.

Last, I wash my
hands...

... until they're
all clean !

I did it ! I can pee and poop in the potty.
